S u b m i t t ed.

The local Congress Committee had a meeting this evening in the maidan near the Minto Hospital as it is said to be the 1st day of the Jalayanwala Bagh Week ordered to be observed as a special working week for the Congress activities in memory of the sufferings the public had this week in 1919 at Jalainwala Bagh. This was the first meeting after the split between the new and the old office bearers of the Congress Committee was patched up and the members of both the parties were present. Mr. Konda Venkatappayya was proposed to the Chair after the usual songs and invocations by the volunteers.

Mr. Bheema Rao was the 1st speaker. He began by thanking Mr. Venkatappiah for bringing about conciliation between the two parties of the split and saying that the reformed Legislative Council and Representative Assembly were not after all in any way better than the previous one, that the Dewan had addressed and the Dewan Bahadur had thanked him, that the Congress interpellations by Mr. H. Krishna Rao had met with the

expected reply, that the Government had no idea of what the object of the local Congress Committee was, that every thing was being done in the administration of the State by the higher officers without knowing what the matter was. but simply passing off what their subordinates had done, that the order under Section 144 Criminal Procedure Code was at the instance of the Police and the Magistrates, that they had nothing else to do but hampering with the Congress work, that a glance through the Police administration report for 1922-23 would make it clear that out of Rs.2¼ lacs worth of property lost, the Police have recovered only about 80,000, that the Inspector General of Police glories in saying that there has been a fall in the petty offences, while he explains the increase in highway robberies, dacoities etc. by the insulting explanation that the Police are not well paid, though the Government is spending 14 lacs for the Police, that if the department were to work with as much energy in their legitimate duties as they do in putting down Congress activities, the work turned out would have been splendid etc., that the Excise department is making heaps of money on plea of putting down the drink evil, that the evil would not go down so long as such large number of shops are in existence, that the members and Councillors have not been properly representing the public, that there will be no salvation to the country, and these things will not be set right till we attain Swaraj, that the Congress activity is not peculiar only to this State. but it is working vigorously in Cochin, Travancore, Hyderabad, Kathiawar etc.

Mr. R. V. Subramanyam then said that he was glad that some of the members and volunteers who were working against the Congress Committee had returned to it at the mediation of Mr. Konda Venkatappiah, and read his report of

the working of the Congress Committee for the last six months, i.e. during his Secretaryship saying that he had resigned, and there was not much chance of reading it himself to the public and presented the balance sheets also, and closed by observing that the number of meetings convened by them and the leaflets printed and published before the elections to the Representative Assembly and Council had not had much effect, and that the public had not ~~xxx~~ given up their sectarian feelings as testified by their selection of Representative Assembly members to the Legislative Council etc.

Mr. Razvi then thanked Mr. Venkatappiah for the amicable settlement about the split explained the significance of observing Jalainwala Bagh Week, declaimed against the present day form of administration of assemblies and councils and against the present day imitation of the western method of education and civilisation and said that it would be real Swaraj when these Assemblies and Councils are done away with and His Highness himself holds them and hears the grievances of the public and questions the officers responsible just as the old Nawabs and Chiefs were doing by holding Divani-am and Divani-khas and also when the Highness takes to our ancient practice and goes out riding or driving and be available to the public for making representations instead of flying in cars, when the public will be left in the lurch as to whether it was the Highness or some Setti that drove in the car, and that the mistake lies both with the Government and the public and it would be all right when the spirit of Gandhi pervaded the whole country etc.

Mr. K. Narayanasami Iyer then spoke for a few minutes on Mysore politics. He stated that there was no continuity of policy in Government, that there was no fixed or systematic principles followed in the administration, that the State has

already become a debtor to the extent of 3 crores and probably there would be a call for another crore, that there has been lot of confusion ( ) throughout, that the gazetted officers have got their everything well regulated and comfortably settled, while nobody cares to look to the requirements of the non-gazetted officers or low paid officials and their representation of grievance will be looked down as impertinence, that the rich are becoming richer and the poor the poorer and more miserable that the retrenchment is only in name and has been only depriving some poor officials with livelihood, while the amount saved goes to create places for higher classes, that this has been the case with the Municipalities, that the rate payers' associations and voters' associations should be formed to set the things right etc. and concluded by requesting the Congress Committee to hold weekly meetings in different localities, so that the people of those localities also have a chance to know these things etc. He incidentally mentioned that it is on account of this want of principle in Government that lately one of the most concenscious and hard working officer retired himself from service.

Mr. P.R. Ramaiya then read an extract from the "Hindu" giving Gandhi's Mission in life and describing that he is seeking Moksha through politics, that his religion is politics, that every yard of Khadder worn or spun was a step towards Swaraj and translated it into Kanarese adding that they were golden words and every bit of it had to be committed to memory, worshipped and rigidly followed.

Mr. Venkatappaiya then addressed for about an hour in Telugu summing up and reiterating with more vigour and clear elucidations the subjects touched upon by previous speakers except the State politics and closed by asserting that non-violent non-co-operation of Mahatma Gandhi was the only

means to attain Swaraj, that every yard of Khadder spun was a step for the same etc.

The meeting then dispersed after Mr. Rama Rao of C.& M. Station read out some stanzas composed by him about Gandhi and the flag and photo were taken with Bhajana as usual. The meeting began at about 6.30 P.M. and lasted for about three hours. The audience was about 250.

Sd. K. Poornachar.
C.Division Inspector.

Dear Sir,

CB 1691
C.B.54-20-93

In continuation of my communication No.G. 14991 dated the 11th Instant, regarding the commemoration of the Jalainwala Bagh Week by the members of the Local Congress Committee, I write to state that Sunday the 13th Instant was the last day of the week, when about 150 members had assembled in the maidan near the Minto Hospital and the proceedings lasted from 6-45 to 8 P.M.

Copy of report (with enclosure) from the Assistant Superintendent of Police, Bangalore City, is enclosed.

Yours sincerely,

K.Matthan, Esq., B.A.,
Chief Secretary to the
Government of Mysore.

As the report has already been submitted to the Dewan, it may be placed in the file. 8.4.1714.

The local Congress Committee had its meeting in the maidan near the Minto Opthalmic Hospital this evening, as it was the last day of the Jalainwala Bagh Week. Mr. Beema Rao was in the chair. After the usual invocations and songs by the Volunteers Messrs. H.V. Subramhanyam, Razvi, K.Narayanasami Iyer, Gundu Rao and the Chairman addressed the audience. All of them dwelt upon the same subject announced for the day Viz "Famine in Mysore and the steps taken by Government to combat it". It was stated that the measures taken by Government were neither proper nor sufficient, that they all look very satisfactory on paper when read in the enlogist address of The Dewan Saheb, but practically they are not doing any good to the suffering - that the system of Takavi loans is not properly working - that by the time the loan applied, reaches the hands of the applicant it dwindles itself to about 1/10 of the same, that the system of relief works would be simply a sort of rigorous imprisonment to the poor ryots &c., and suggested that it would be well if the relief works are directed towards turning the vast areas of about 70 lacs of acres of Banjaru (ಬಂಜರು) land said to be in the State into cultivable one and all females employ themselves in using Charka. It was also suggested that Governme should have food control in villages - should try to put down and prohibit fresh introduction of machine labour in the State and put down the drink evil. The working of the fodder Depot in Bangalore was also said to be useless to the public. Mr. Bheema Rao added that the Bihar Government had lately made spinning compulsory to all females of above 10 years and optional to males,

that it was a very wholesome order and moved a resolution to be sent to Government that Spinning should be introduced as a relief work in the State and closed the meeting by saying that the working out of the Constructive Programme of the Congress was the best means to combat famine. Mr. Razvi also in the course of his address moved a resolution that the arrack shop near the Railway Goods Yard and Workshop should be removed from the place as it is in the midst of labour classes and opposed to the Excise rules.

The meeting began at about 6-45 P.M. and closed at 8 P.M. and the attendance was only about 150-
